

NATIONAL ACADEMY OF EARLY CHILDHOOD PROGRAMS ACCREDITATION

The National Academy of Early Childhood Programs administers a national, voluntary, professionally sponsored accreditation system for all types of schools and child care centers. The Academy is a division of the National Association for the Education of Young Children, the nation's largest organization of early childhood educators. NAFC is the Collier County affiliate of the Florida Association for the Education of Young Children (NAEYC sub-group)

WHAT IS NAEYC ACCREDITATION?

Early childhood programs accredited by the National Academy of Early Childhood Programs have voluntarily undergone a comprehensive process of internal self-study, invited external professional review to verify compliance with the Academy's Criteria for High Quality Early Childhood Programs, and been found to be in substantial compliance with the Criteria.

The National Academy of early Childhood Programs/NAEYC is not connected with and is not responsible for the administration, acts, personnel, property or practices of accredited programs

A high quality early childhood program provides a safe and nurturing environment while promoting the physical, social, emotional and intellectual development of young children. In accredited programs, you will see:

- frequent, positive, warm interactions among adults and children
- planned learning activities appropriate to children's age and development, such as block building, painting, reading stories, dress-up and active outdoor play
- specially trained teachers
- enough adults to respond to individual children
- many varied age-appropriate materials
- a healthy and safe environment for children
- nutritious meals and/or snacks
- regular communication with parents who are welcome visitors at all times
- effective administration
- ongoing, systematic evaluation
